

# USER MANUAL

**WeTalkTech** is a simple web forum for the ones who wants answers to their problems. It is based on XDA forums but simpler and easier to use.

**WeTalkTech** was created to solve your problems on any topic. Just question and get answers. This forum not just for Android (like XDA forums) but for all the category and problems you can think of. Although **WeTalkTech** is a web forum, it can also be used as free blog app. Think of it as a multi-web-app in a single website.

## **Welcome**

These guidelines have been written for a training context in which a training manual will be the main delivery source for the educational experience. The manual will neither compliment a stand-up trainer nor will it be downloaded from an Internet training session. Instead, this training manual will be used as a self-study tool. While most of the guidelines also hold true for a training manual that compliments a stand-up or Internet delivered training, the focus of these guidelines is on a self-study manual. For more information about an instructor-led manual, see the Appendix.

## **Pre-requisite Skills**

This manual is written for an audience that already is familiar with online forums and similar web application. You should know, at the very least, how to carry out a simple task and use simple websites with navigation and forms.

## **Introduction**

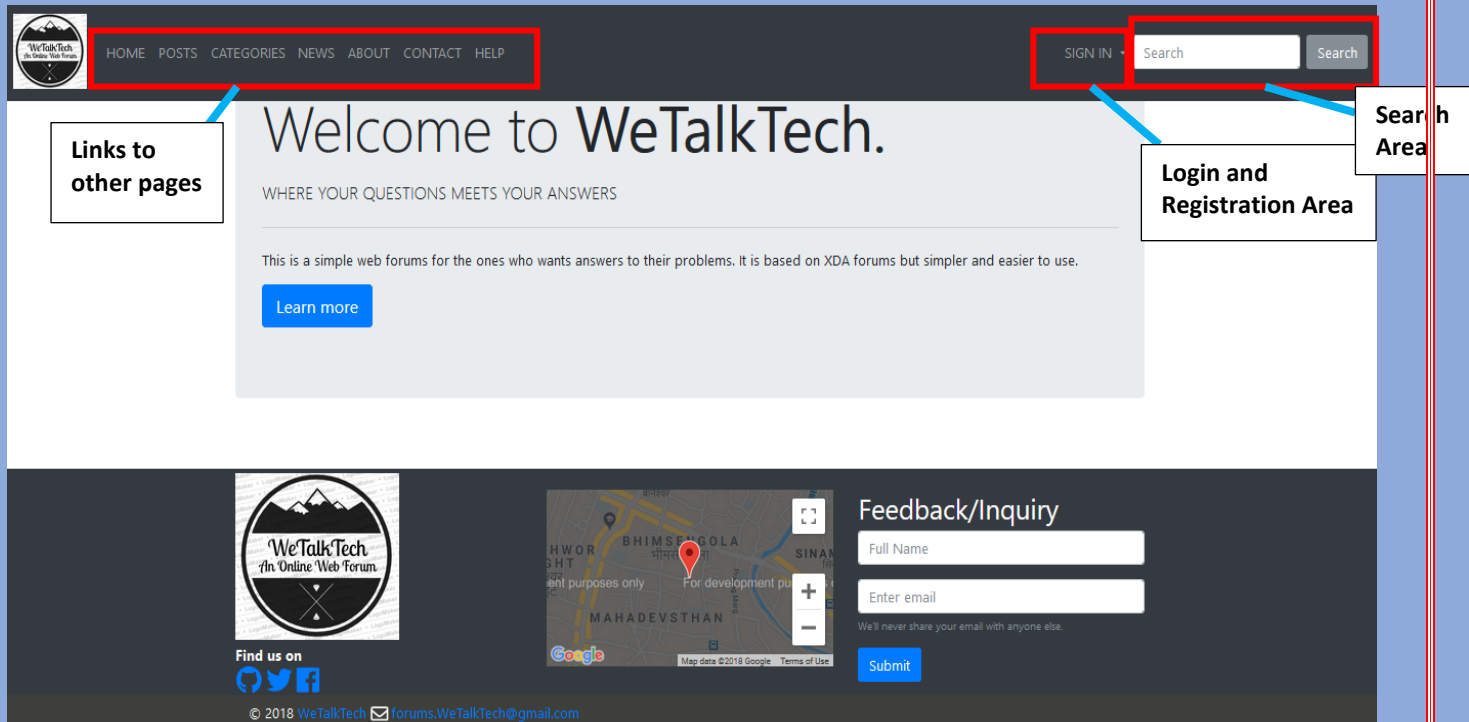

The purpose of this manual is to guide users on how to operate the website. The benefit of learning this information is to learn features of the website. It is important to implement the information within this manual in order use the website properly and carry out task the correct way.

Title

Facebook used by top prosecutor over Cambridge Analytica

Body

It accused Facebook of allowing the wholesale scraping of personal data on tens of millions of users.

The action adds to a number of regulatory investigations, following a year of privacy and security missteps.

A Facebook spokesperson told the BBC: "We're reviewing the complaint and look forward to continuing our discussions with attorneys general in DC and elsewhere."
